

Security Patrols, Armed Response and Threat Awareness Network (S.P.A.R.T.A.N.)

Introducing S.P.A.R.T.A.N., a comprehensive security package for small to medium businesses (SMBs) by First Guards Security Group Limited; a leader in corporate security since 1995.

Security Patrols, Armed Response and Threat Awareness Network (S.P.A.R.T.A.N.) are three separate services delivered as a cohesive package to offer overall protection for small firms who don't have the need and/or budget for a full time security guard.

Service Summary

S.P.A.R.T.A.N. consists of three separate services each playing a key role in the security of your business.

1. **Security Patrols** will help deter criminals through presence. They also provide extra protection at points in the day when you are most vulnerable.
2. **Armed Response** immediately reacts to your emergency call.
3. The **Threat Awareness Network** keeps you informed so that potential threats do not catch you off guard.

The **S.P.A.R.T.A.N.** service is specifically designed as a complete protective solution for small business that cannot afford a full time security guard.

Given its cost-effective pricing it may also be readily used to supplement unarmed security services, provide extra protection at high-risk points during the day or as an armed emergency response.

Benefits

1. Deter criminals by showing an armed presence in a marked vehicle on your compound at several points during the day.
2. Your customers feel safer.
3. You can easily have extra protection available only when you need it
4. You don't have to train or manage your own internal security
5. It costs less than one tenth that for a full time security guard.
6. Your emergency response arrives in ten(10) minutes or less
7. You are previously aware of potential danger via the Threat Awareness Network.

Cost

S.P.A.R.T.A.N. by First Guards is available for the low monthly fee of \$300 TT. That's about \$10 a day. Now, any business can afford to protect itself from crime ... no business can afford not to.

S.P.A.R.T.A.N.

First Guards Security Group Limited

Security Patrols, Armed Response and Threat Awareness Network (S.P.A.R.T.A.N.)

Security Features

Security Patrols

1. Between the hours of 8AM and 8PM, armed mobile units patrol your area, monitoring for potential threats to your business.
 1. At least twice per day our officers will stop and report to your place of business. You can:
 - a. Allow our officers to check in at random.
 - b. Specify high risk times for officers to visit. e.g. Shift change when cash is handed over.
 - c. During each visit relate any issues you have and/or schedule the next visit for a time of your choice.
 2. Patrols are kept within the Chaguanas area to facilitate an emergency response in ten (10) minutes or less.

Armed Response - In the event of a security threat

1. You can call our dedicated Emergency Hotline
2. A tactical response team will be deployed from our base in Chaguanas or the nearest mobile patrol.
3. The police will be immediately notified
4. Depending on the report, Fire and Ambulance Services are also notified
5. Dependent on the nature of your threat ... pertinent details are updated to our Threat Awareness Network

Threat Awareness Network

What you know can be the difference between a manageable security threat and the end of you business or even your life.

Utilizing our: expertise in surveillance and private investigation; contacts in various agencies; existing security network and modern communication channels First Guards brings you a powerful information resource helping you to protect your business through awareness of potential dangers to your facilities, employees, business and yourself.
